Mark score cards while other members in your group are hitting off. Plan where you leave your buggy so minimising delay in reaching the next tee. Be ready to play promptly when it is your turn, including putting.

RIGHT OF WAY

SPIKES

Metal spikes are NOT permitted on course.

WIDE TYRE POLICY

Buggies with wide tyres are permitted to cross greens without stopping.

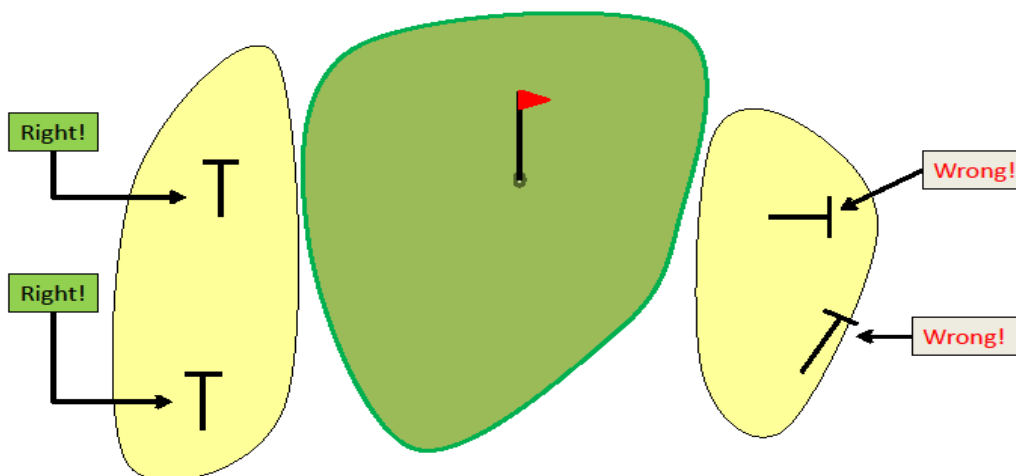

HOOPS

Please respect all hoops and ropes out on the course, they are there for the betterment of the course.

BUNKER ENTRY & RAKE PLACEMENT

Please place rakes in the centre of the bunker so they face the direction of play

PACE OF PLAY & READY GOLF

READY GOLF

If you reach your ball and are ready to hit and it is safe to do so, go ahead and hit.

READY GOLF TIPS

- Adopt a ready golf attitude!
- Avoid travelling in a group from ball to ball on fairways
- Read your putt and be ready to go as soon as someone else has finished putting
- Leave your bags or golf cart to the side or rear of the green, never in front of the green
- Never stand on or next to the green after holing out in order to write down your score – do it when you reach the next tee

PLEASE REMEMBER TO ALWAYS;

- Carry and use a sand bucket
- Correctly repair pitch marks
- Rake bunkers after you play

STARTER

When both the 1st and 10th tees are being used the Starter at their own discretion can and will move groups to the other tee to enable the field to get away in a timely manner. The Starter may also add players to groups when necessary.

COUNTBACK PROCEDURE

In multi-round events, the lowest score for the last 18 holes is the winner. In single round events, or ties over the last 18 holes in multi-round events, the best score for the last 9 holes wins. If still tied, then the best score for the last 6 holes is counted and if again tied then the last 3 holes are counted. If still tied, then the countback goes back hole by hole commencing with the 18th until a winner is determined.

COMPETITION STARTS

All players must report to the Starter and pick up their cards at least 15 minutes prior to scheduled hit off time.

PLEASE ENSURE YOU CHECK THE LOCAL RULES BOARD EACH TIME YOU PLAY.

COMPETITION TYPES

These notes are intended to assist in the general concept of how various competitions are played. They must read be in conjunction with the Rules of Golf and conditions laid out by the committee under which a competition is to be played (Rule 21).

It is a member's responsibility to ensure they are aware of the rules of the competition prior to commencement of play.

STROKE (MEDAL) EVENTS – Mens Saturday

The score of each hole is recorded on the score card, totalled and the player's full handicap deducted. The player that completes the stipulated round(s) in the fewest strokes is the winner. If the medal event is cancelled, it will be played the next Saturday, excluding major events.

STABLEFORD (MEDAL) EVENTS – Women's Sunday

The method of playing Stableford competition is for the player to take strokes at holes as indicated by the hole and on the card and to score points on the nett results at each hole. At the end of the round all points are added up and the player having the highest number of points is the winner.

Ties decided by playoff.

PAR EVENTS

The score is recorded on the card in the same way as in stroke play.

After entering the stroke score, the par result is placed in the column provided (note that you are not required to record your stroke score if the result is worse than par after the handicap for that hole has been deducted).

The results are recorded as:		
'+' for a win (better than par)	'0' for a half (even to par)	'-' for a loss (worse than par)

On completion of the round, the plus and minus signs are added, and the nett result is written in how many "up", "down" or "equal". A player is allowed their full handicap and the strokes are taken at holes as indicated on the card according to hole index. It is the custom that when a player is beaten by Par, the ball shall be picked up. This helps speed up play.

STABLEFORD EVENTS

The method of playing Stableford competition is for the player to take strokes at holes as indicated by the hole index on the card and to score points on the nett results at each hole. At the end of the round all points are added up and the player having the highest number of points is the winner. It is the custom when a player is unable to record nett or scratch points for a hole the ball shall be picked up. This helps speed up play.

FOURSOMES – Mens

Two players play as partners and use only one ball. The partners hit off in an alternating manner from the tee and therefore strike the ball alternating during the play at each hole. The gross scores are recorded, and the total is subject to a deduction of half the partner's aggregate handicaps.

Note if one player incurs a penalty stroke, this does not alter the rotation of play. In Foursome stroke competition held over several rounds, the order of play must be changed between rounds unless the Committee has laid down a condition of play, that the original order of play must be preserved or changed through the competition. Foursomes can be played under either stroke play rules or Matchplay conditions and Rule 22 is relevant to Foursomes.

MIXED FOURSOMES

Mixed Foursomes are played in the same manner as Foursomes except that the women use the red tees. Full handicaps apply. Teams may choose which tees to begin each round. Alternating tees from previous round is NOT mandatory.

AMBROSE

- 2 Person Ambrose is a minimum of 6 tee shots each
